INSTRUCTIONS ON USING THIS CATALOG

Dear Catalog User:

The 2023 Kitchen Equipment Catalog contains those vendors willing to extend additional discounts to Unified Purchasing members beyond those regularly offered to schools.

The discount off catalog prices is based on the manufacturer's catalog pricing, set by the manufacturer.

Company websites have also been listed on the Vendor Information Page.

To ensure that you receive your proper discounts, you must note **BID # KE-2023** on all orders.

Contact the company directly using the information found on the Vendor Information page.

Sincerely,

Linda Eichenberger, SNS
